

*Preliminary program*  
**CTG Masterclass Advanced Online**

*Course director: Susana Pereira*

<i>Time (CET)</i>	<i>Session topic</i>
08:45	Registration
08:55	Welcome by Neoventa
09:00	Fetal physiological responses to hypoxic stress- Let's get our bearings right!
09:30	Evolving intrapartum hypoxia- Illustrative case discussion
10:45	<b>Break</b>
11:00	CTG interpretation during second stage of labor
11:30	How to use the CTG in meconium & chorioamnionitis?
12:00	Non-hypoxic causes of fetal compromise- What does the CTG show?
12:30	Illustrative case discussion
12:45	<b>Lunch</b>
13:30	Chronic hypoxia and the antenatal CTG- Is this fetus fit for labor?
15:00	<b>Break</b>
15:15	What is the role of ST Analysis and how can we use it with physiological CTG classification in types of hypoxia?
15:45	Illustrative case discussion
16:00	Quiz and questions
16:45 – 17:00	Close and goodbye
